## PRAYER FOR THE NATIONS

Pray this week for Germany – a country that birthed the Protestant Reformation (16<sup>th</sup> Century), Marxism (19<sup>th</sup> Century), Nazism (20<sup>th</sup> Century) & European Socialism (21<sup>st</sup> Century).

Population: 80 million. Germany's reunification almost 30 years ago has created again a powerful political, economic & cultural foundation within Europe.

### **Prayer Concerns:**

- Germany's wealth, influence & strategic location in the EU & Europe provide great opportunity for the Kingdom of God, but Christian values within the national leadership are required. Pray that God will raise up such leaders.
- Recently, Germany has welcomed over 1 million people fleeing war in the Middle-East—more than any other nation. Their arrival has strained the nation socially, creating deep unrest. Pray that the Christians of Germany will welcome these refugees in Jesus' name, and that the gospel will be effectively brought to these (mostly) Muslim people.
- Historically, theological education in Germany has produced a liberalism that has undermined the authority of Scripture in people's lives. Pray that God will breathe new life into the theological schools of Germany where pastors are trained, and that young adults, especially, will encounter the living Jesus through the power of the Holy Spirit.
