## PRAYER FOR THE NATIONS

Pray this week for Sudan – Africa's largest country, steeped in war for its entire modern history, and deeply conflicted between the Muslim north and non-Muslim south.

Population: 52 million. Split between Arab-Muslim, African Christian and tribal peoples. Sudan is rich in resources, but most people live in poverty because of war, corruption, famine and displacement.

### **Prayer Concerns:**

Peace accords reached in 2005 and a referendum for southern independence in 2011 have divided Sudan into two nations, but has not stemmed the violence and civil strife costing hundreds of thousands of lives. Pray for determination from neighbouring nations and the UN to end the sectarian violence in order to provide people a chance for peace.

The Church in South Sudan is growing rapidly amidst deep persecution and conflict. Pray that the peace of Christ within these peoples will overcome the violence they live in daily. Pray also for the persecuted northern Christians, who are often killed for their faith within the strict Islamic Sharia law.

Pray for the millions of displaced people – mostly Christian, who have been forced off their land and now live as refugees on the edge of Khartoum and other urban areas.
