MINISTRY FEATURE: Welcome Team

The Welcome Team is composed usually of about twelve people, two or three of whom work each week. They look for newcomers as they come out of the sanctuary after both services, seeking to welcome them into the Welcome Center (Library) and to engage them in conversation to discover all they can about the newcomer family, couple or person. This information is passed along to be followed up by a pastor or pastoral assistant as soon as possible, so that a sure connection to New Life is established. The Welcome Center team members offer a mug and coffee card as a welcome gift, field questions, give out information both spoken and written to help the newcomers find a place of belonging in New Life, and to ensure that each person feels warmly welcomed.

The role of the Welcome Center is to help make newcomers feel at ease and welcomed to our New Life community. Currently we have 2 spots we would like to fill with new volunteers. Being a host is a minimal time commitment, 45 minutes once a month between services and 15 minutes following the second service. Training is provided and you will be paired with an experienced host to begin with. If you have the gift of loving people and like offering hospitality please contact Marita at 250-748-6521 or email marita@newlifechurch.ca

PRAYER FOR THE NATIONS

Pray this week for Turkey – An ancient nation strategically bridging Europe & Asia as well as Muslim-East & Christian-West.

Population: 80 million.

Turkey has bridged the great societies of the world for thousands of years, and because of this holds great diversity within its population. Officially Islamic, the nation is officially secular and guarantees religious freedom. Christians can practice their faith openly, but localized incidents of intolerance and violence still remain.

Prayer Concerns:

Islamism and Turkish nationalism remains a deep issue in Turkey. Pray that the leadership of Turkey will continue to guarantee religious freedom, and that the Church of Turkey will grow in spite of historical mistrust and accepted oppression.

The Kurdish situation in Turkey continues to create regional violence in the S.E. part of the country. Pray for peaceful solutions to worked out between Kurds and Turks.

The Church in Turkey needs strong, trained leaders. Pray for such leaders to emerge, both within the nation, and within the large expatriate population of Turks living in W. Europe.
